Take on a project that will allow you to develop important transferable skills in a field of “Statement of purpose” in different fields and Academic writing.

The GSA is a long-term, intensive preparatory program for Russian graduate students interested in applying to American universities and colleges. The program is on its start so we can prognose high interest from students. As an intern assigned to this program, you will need to facilitate 2-3 sessions per 6 month (March-April and November-December for SOP and October-November and May-June for Academic writing). One topic that repeats to accommodate numerous time zones. Generally, one session will be held around 19:00 UTC+3 on a weekday and another will be held around 14:00 UTC+3 on a weekend.

We hope that this course will help students to improve their English language skills and learn the requirements to the specific structure of essays and SOP.

The course will include two sessions of lectures and one peer review for SOP.

As for Academic writing it is Lecture+Seminar with homework check.

Presentations, materials, and templates for most of these are not available as the course. It will be up to the responsible intern, in conjunction with the adviser, to review existing materials and/or develop new materials.
